### **TREC HITS THOUSAND MARK FOR ONLINE LICENSEE RENEWALS**

Thomas Frank Cudd of Denton this week became the one thousandth real estate licensee to renew a license online with the Texas Real Estate Commission. Cudd, a real estate salesperson since 1986, renewed his license over the Internet on April 9, 2001. He is associated with the family firm of Cudd Realty, 2412 Old North Road in Denton, where his wife, Mariella, is also a salesperson and both are under the sponsorship of their real estate broker daughter, Michelle Marie Cudd.

The Texas Real Estate Commission was the first state agency to provide for online license renewals in August, 2000. Since that time, one thousand salespersons and brokers have taken advantage of this convenient and efficient method of license renewal. In addition to providing the availability of twenty-four hour access, individuals who renew online can receive the advantages of credit card payment and immediately obtain verification of their license status.

In addition to license renewals, the newly-redesigned website ([www.trec.state.tx.us](http://www.trec.state.tx.us)) provides a wide range of information and materials for both licensees and consumers.
